This thoughtfully designed home features exceptional curb appeal with new landscaping, mature trees, and a welcoming front entry. Inside, soaring ceilings and oversized windows fill the open-concept main floor with natural light. A sleek fireplace anchors the front living room, which flows into the dining area and chef-inspired kitchen—complete with high-end stainless steel appliances, quartz counters, custom cabinetry, and a 13-ft island. The main-floor primary suite is a true retreat with its own fireplace, spacious walk-in closet, and a spa-like 5-piece en-suite with dual vanities, soaker tub, and separate shower. Two more bedrooms and a stylish 4-piece bathroom complete the main level. A custom mudroom with built-ins offers access to the double detached garage. Enjoy sunny afternoons in the west-facing backyard with a new deck (gas line for BBQ), fresh sod, and full fencing—perfect for entertaining, kids, or pets. The fully developed lower level adds over 1,200 sq ft of functional space, including a large family room with a third fireplace, wet bar, two more bedrooms (one with a private en-suite and steam shower), an additional full bathroom, and a dream laundry room with built-ins, steam closet, and utility sink.
