Looking for a well maintained, totally upgraded mobile located in Westside Village; at a great price!! This 1990 Winalta home has had several upgrades: new roof, new flooring, new plumbing lines, new trim, both bathrooms renovated. Nice open concept with large living room, kitchen with plenty of cupboards and a dining area which opens up to the 28x8 deck, accessed by double garden doors. Other bonus features; reverse osmosis water filtration system installed, kitchen skylight, private yard with 2 large sturdy garden sheds. A lot of work has been put into this home to ensure it lasts for a long time; home has also been raised and re-leveled, new heat tracing with industrial insulation wrap, insulated skirting panels installed. This home is robust, been upgraded and is very affordable, well worth a look!!
