What a Stunner! This beautiful 5-bedroom, 3.5-bath home offers over 2,600 sq.ft. of well-appointed living space, all set on a rare, spacious 6,500 sq.ft. lot. Upstairs, you'll find 4 generous bedrooms — ideal for growing families — while the main floor impresses with gorgeous finishes, a massive kitchen, formal dining area, and an additional breakfast nook. A stunning three-way gas fireplace seamlessly connects the living room, dining room, and family room, creating a warm and inviting atmosphere throughout the main floor. Step into the expansive sunroom or out onto the wraparound deck, perfect for entertaining or relaxing with peaceful views of the backing greenspace. The outdoor space is a gardener's dream, featuring mature garden beds, apple trees, and cherry trees. A large driveway provides ample parking, including RV space, and the heated double garage offers year-round convenience. The finished basement includes a self-contained one-bedroom nanny or in-law suite with a separate entry through the garage and its own gas fireplace and own laundry making it both comfortable and private. The space can easily be converted back to single-family use if desired. With thoughtful updates, two cozy gas fireplaces (including a three-way fireplace on the main level and another in the basement suite), and unmatched flexibility, this home has it all.
