Soaring cedar-clad vaulted ceilings and large windows flood the main floor with natural light, while the open layout creates a perfect flow for both everyday living and entertaining. The kitchen is a standout, featuring an oversized island with a breakfast bar, farmhouse sink, custom cabinetry, pantry storage, and upgraded appliances. Upstairs you'll find three well-proportioned bedrooms including a king-sized primary suite with double closets and a stunning new 4-piece ensuite complete with a deep soaker tub and stylish finishes. Another full 4-piece bathroom completes the upper level. The lower level offers versatility with a large family room, dedicated home office or den, a separate laundry room, and access to a generous crawl space with built-in shelving—ideal for organized storage. Step outside and you'll discover an incredible backyard oasis. Enjoy a private deck, poured concrete patio with built-in firepit, two RV parking pads, and a large storage shed.
