Step into the Ashton – a beautifully designed home with elevated finishes throughout. Built by a trusted builder, this home showcases on-trend, designer-curated interior selections tailored for a home that feels personalized to you. This energy-efficient home is Built Green certified and includes triple-pane windows, a high-efficiency furnace, and a solar chase for a solar-ready setup. With blower door testing, plus an electric car charger rough-in, it’s designed for sustainable, future-forward living. Featuring a full range of smart home technology, this home includes a programmable thermostat, ring camera doorbell, smart front door lock, smart and motion-activated switches—all seamlessly controlled via an Amazon Alexa touchscreen hub. The executive kitchen features built-in stainless steel appliances, gas cooktop, fridge with water and ice dispenser and a walk-through pantry behind elegant French doors. Enjoy the warmth of an electric fireplace with a mantle in the great room and the convenience of a main floor I.T. room. Upstairs, a vaulted bonus room and upper laundry offer functional living. The 5-piece ensuite impresses with dual sinks, a soaker tub, and walk-in shower with tiled walls. The main bath also includes dual sinks and tile flooring. Added perks include a side entrance, 9' basement walls, LVP flooring on the main, a rear 10' x 12' deck with BBQ gasline RI, and extra windows throughout for plenty of natural light.
