Attention First Time Buyers!! If finding a solid built southside location near hospitals, shopping, schools, that includes a generous 50 x 120 Lot then be sure to take a look at this home. Under \$300,000 does not buy much today, and to find a single family home with a garage and rear parking is a good find. The home needs some TLC but it has vinyl windows that are not original, has a sump pump, forced air furnace, 100 amp service, and the hardwood floors are truly a blast from the past and expensive to replace 3/4" oak hardwood flooring!! This is an ideal sized home for the single Mom or Dad or the young couple starting out!! The basement has good sized windows too and has a family room and 3rd bathroom. The laundry is in the basement and there is plenty of basement storage.
