Sun-lit hardwood floors flow through the main living areas, paired with ceramic tile and plush bedroom carpeting. The thoughtful two-bed, two-bath design includes a good-sized primary suite with a four-piece ensuite and walk-in closet, while main-floor laundry sits discreetly between both bedrooms. A striking gas fireplace warms the open-concept living space, seamlessly adjoining a kitchen with an eat-up bar, corner pantry, and dining area that opens through sliding glass doors to a two-tier deck. The fully fenced backyard is a private retreat with mature trees and large planters. Below, the bright unfinished lower level, already roughed-in for a third bath, awaits a custom touch, offering endless possibilities to elevate this Copperfield gem.
