This 1,520 sq. ft. basement space in the heart of downtown Lethbridge offers a rare opportunity to develop a boutique hospitality concept such as a late-night bar, or other destination venue. Recently upgraded with significant building renovations, the space still showcases its historic character with the original 1906 boiler as a feature piece and exposed rock foundation walls that add authentic charm. Benefiting from strong pedestrian and vehicle traffic year-round, and especially high foot traffic during the summer. This property is an excellent opportunity to create a one-of-a-kind experience in one of Lethbridge's downtown.
