This property is perfectly liveable as is, but if you have vision & skills you will take the "after" photos & benefit from all of that sweat equity. 5.22 acre parcel is gently sloping with open views to the South & no neighbours to the back. The house is a unique layout with covered deck on 2 sides creating lots of storage & multi season workspaces. Cheery eat-in kitchen is roomy enough for your large family table. Massive living / dining room has vaulted ceilings & access to South facing sunroom. The house is currently 2 bedrooms with a good sized, unheated office space (not represented in square footage) with a window that could be a 3rd bedroom. King size primary bedroom is spacious with a large nook that would make a wonderful reading or fitness room with country views. Handy 2 pc ensuite bath. Second bdrm would accommodate bunk beds or king size furniture suite & has passthrough to main 4 pc bath. The 20 x 24 garage needs work but could be very serviceable & a great place to putter. Household water is supplied by a good well and Newell Regional Water lines are nearby should you wish to tie in. Aimoto Subdivision has a community irrigation program which can be opted into. Established landscape trees, sheds, lots of parking for your toys...what more could you want? This property is a great starter acreage with space for horses, chickens & a large garden.
