VIEW. VIEW. VIEW! C/W walkout basement, at the end of a quiet cul-de-sac with park and greenspace behind. This one has it all! Single level bungalow style duplex with fully developed walkout basement at the end of a cul-de-sac with great view is now available. Backing onto a green space and sitting on top of a hill which provides for an unobstructed panoramic view. No Condo Fees. Total of 3 bedrooms, 2.5 bathrooms plus a den and air-conditioning. With floor to vaulted ceiling windows to take in the view this is a very bright unit which has an open floor plan and skylight above the kitchen island. Main floor living space has a gas fireplace. The flooring is hardwood on both levels with no carpet. There is a formal dining area, gourmet kitchen with centre island and breakfast eating bar with quartz countertops, designer tiled backsplash and stainless-steel appliances. The balcony has dura deck with a gas line for barbeque or a heating appliance. Large master bedroom has a 5-piece ensuite with jetted tub, oversized shower and walk in closet. Main floor also has a den with French style doors, a two-piece powder room and main floor laundry (the steamer dryer is included). Professionally developed walkout with a huge family room with gas fireplace and recreation/games room. The lower level also has it's own kitchen with 220 wiring for a stove - ideal for a wet bar or second kitchen. Two bedrooms, a four-piece bathroom and large storage room with 2 furnaces (one for each floor level) are on the walk-out level. Concrete patio leads to a beautifully landscaped yard and garden with underground sprinklers. Double attached garage for two vehicles. Ideal for empty nesters, mature individuals or a family seeking a single level home. Bungalow style duplexes are rare enough on their own but add in one with this view, a walk out basement, at the end of a cul-de-sac, backing on to

greenspace and this level of finishing makes this unit very unique.
