Charming Renovated 3-Bedroom Home with Impressive Features and Huge Heated Shop! Step into this beautifully renovated 3-bedroom, 2-storey home, where modern updates meet classic charm. The bright, open-concept main floor is perfect for entertaining, featuring a spacious kitchen with a large island, sleek quartz countertops, and newer cabinets and recessed lighting. Quality engineered hardwood flooring runs throughout, creating a warm, inviting atmosphere. The newly renovated 4-piece main bath adds a touch of luxury to the home. Upstairs, you'll find two generous-sized bedrooms, separated by a 2-piece bath for added convenience. The basement is mostly developed, offering a large rec room and a third bedroom, perfect for guests or extra living space. Recent upgrades include new windows in the basement, a new electrical panel and wiring, as well as a high-efficiency hot water tank and furnace for peace of mind and energy savings. Outside, the large (53x175) yard is a gardener's paradise with plenty of space to grow, and RV parking ensures convenience for those with an adventurous spirit. But the real showstopper is the massive 32x40 heated shop, built in 2023. This incredible space features triple garage doors at the alley and a double overhead door to the yard, providing room for up to 6 cars and 220 wiring for a future level 2 electric car charger or maybe a welder. Whether you're a hobbyist, car enthusiast, or need extra storage, this shop is the perfect addition to your property. This home offers a rare combination of modern living and exceptional outdoor amenities. Don't miss your chance to make it yours!
