Step inside to a spacious foyer with a built-in bench and hidden storage. The open-concept layout flows into a cozy living room with a custom Italian Venetian gas fireplace and an elegant dining area with a wet bar. The gourmet kitchen features a built-in Fisher & Paykel fridge and gas range, Italian Venetian hood fan, hidden coffee bar, pantry with pull-outs, and a large island with leather-finish quartz countertops. Custom cabinetry, designer drapery, engineered hardwood flooring, and premium blinds elevate the space throughout. A sleek 2-piece powder room is perfectly placed for guests. The main floor includes a luxurious primary retreat with a fireplace, custom walk-in closet, and spa-inspired 5-piece ensuite. A second bedroom offers its own 4-piece ensuite and built-in closet. At the back, a custom mudroom adds functional storage with built-in drawers and shelving. The finished basement includes glass railings, a glass-enclosed office or gym, second wet bar, and a spacious family room with a brick gas fireplace and under-stair storage. Two additional bedrooms—one with a 3-piece ensuite, the other with built-in closet—plus an extra 3-piece bathroom and designer laundry room complete the lower level. Outside, enjoy a sun-drenched lot with stone retaining wall, custom fencing, and a double oversized garage with gas heater and built-in workstation.
